

## SMART Payout

- Innovative Technology have developed the SMART Payout to bring advanced multiple-note payout technology to any machine that needs to payout notes.
- The SMART Payout will set the standard for multiple note denomination payout.
- SMART Payout is a modular option for the NV200 bank note validator.
- Multiple denomination note payouts.
- Solution to coin starvation.

- Multi denominations
- Speed
- Note capacity
- The SMART Payout can accept and later dispense multiple denominations. Capable of accepting up to 100 notes the SMART Payout unit is able to payout the same 100 notes of mixed denominations.
- Self-regulating - notes are stored in the NV200's secure cashbox or travel into the SMART Payout unit if needed for future payouts.
- Accepts, validates and stores multiple denominations < 4 seconds
- Payout of multiple denominations in a similar time
- Note capacity - 100 notes
